

Lifting Beam GBT - For Lattice Boxes

Product information

The lifting beam of the GBT series is designed for lifting lattice boxes in accordance with DIN 15155. It has an eye suspension for single hooks to DIN 15401 on the crane side and four sheet steel grab arms on the load side. Two of the gripper arms can be swivelled and locked to facilitate handling. The lifting beam is supplied in the colour RAL 3000 (fire red) as standard, but other colours are also available on request. You can also send us an enquiry for other intermediate sizes and load capacities.
