

Weld-on Lifting Device TAPS

Product information

Weld-on lifting device for plane surfaces.

- Compact design
- Secured four times against breakage
- Weld-on shackle made of material S355JR according to EN 10025
- Also loadable transversely to the swivel direction

Features: 180° swing

Material: Eye of alloy steel. Welding attachment of steel St 52

Marking: CE-marked, WLL

Finish: Painted

Note: The surface that the lifting eyes shall be attached to shall be flat and tolerate the load it is going to be exposed to

Safety factor: 4:1

Grade: 8
